DETAILED ACTION

Allowable Subject Matter

1. Claims 21-40 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach a heat transfer material of the present invention that particularly has a first layer between the substrate and the release layer, the first layer being melt-flowable (as related to claim 21), or that has a melt flow index of less than about 500 and a softening temperature of less than about 400°F (as related to claim 37). The release layer with essentially no tack at the transfer temperature. With regards to The Information Disclosure statement filed by Applicants on November 1, 2004 has been considered by the Examiner and it is noted that the KRONZER (US 6,200,668 B1) and the OSHIMA et al. (US 5,427,997) references, cited in the International Search report related to this invention, have been considered by the Examiner during the prosecution of this Application, but these two references fail to teach the first layer of the present invention. Further, refer to Applicant's remarks filed on May 27, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
